

**CHOKE INTERCHANGE LIST**  
**OF TRULOCK'S REPLACEMENT CHOKES**  
**OR**  
**WHAT CHOKE FITS MY SHOTGUN**

**This list is believed to be correct but is not guaranteed to be so. Manufacturers may change designs at any time without notification. In some cases there may be several different choke designs that have been used in the same model. If you are not SURE which choke fits your shotgun, please call for technical support. Never attempt to force a choke that does not screw in easily.**

**American Arms (Fausti Mfg.):** interchanges with Trulock's American Arms style.  
**American Arms (Franchi) Mfg. Pre Beretta) :** interchanges with Old Style Franchi (Franchoke) chokes

**Huglu: [20 gauge]** interchanges with Trulock's Huglu style-Note: The first [approx #] 200 of these guns that were imported into the USA take Mobil chokes not Huglu's

#### ITHACA INFORMATION

**Ithaca has used three different choke designs\*. The first design used in all Ithaca shotguns was the Tru-choke in both 12 and 20 gauge guns. Several years later they changed the choke to a Browning Invector/ Winchoke for the 12 ga guns. To the best of my knowledge this design was not used in the 20 ga guns.**

**Ithaca's of current manufacture use a proprietary design similar but NOT interchangeable with the Browning Invector Plus**

**\* Based on best info I have. 12/30/11**

**Ithaca 12 gauge:** [oldest style, 44 TPI] interchanges with standard Tru-Choke.

**Ithaca 12 gauge:** [intermediate production, 32 TPI] interchanges with Trulock's Win-Brn-Moss style.

**Ithaca 12 ga** [current production] no known interchange

**Ithaca 20 gauge:** [old and intermediate production] interchanges with standard Tru-Choke 20 gauge chokes

**Ithaca 20 gauge:** [current production] no known interchange

**Lanber 12 gauge [Current]:** interchanges with Trulock's Lanber Style.

**Stoeger 2000 Semi-Auto:** interchanges with Trulock's Beretta/Benelli style.  
**Stoeger P-350 Pump:** interchanges with Trulock's Beretta/Benelli style  
**Stoeger STF 3000:** interchanges with Trulock's Win-Brn-Moss style  
**Thompson Center Encore:** interchanges with Trulock's Win/Brn/Moss style.  
**Traditions by Fausti 12 gauge:** interchanges with Trulock's American Arms style.  
**Traditions Semi-Auto ALS 2100:** 12 ga. only interchanges with Trulock's Beretta/Benelli style.  
**Traditions Semi-Auto 20 gauge:** interchanges with Trulock's Benelli style.  
**Tri-Star Phantom Field:** interchanges with Trulock's Beretta/Benelli style.  
**Tri-Star Phantom HP:** no known interchange.  
**Tri-Star Silver Series:** interchanges with Trulock's American Arms style.  
**Tri-Star Viper 3in 12 and 20 ga:** interchanges with Trulock's Beretta/Benelli (Mobil) style.  
**Tri-star Viper 3.5 in 12 ga:** interchanges with Trulock's Crio Plus style  
**Valmet:** interchanges with Trulock's Valmet style.  
**Verona LX O/U [Except 980]:** interchanges with Trulock's Verona LX style  
**Verona 980O/U:** Interchanges with Trulock's Antonio Zoli style  
**Verona SX Auto Loader:** interchanges with Trulock's Verona SX style.  
**Weatherby- Includes D'Italia:** interchanges with Trulock's Win-Brn-Moss style.  
**Winchester: [1200, 1300, 1400, 1500 and Ranger, Standard Winchester chokes]** interchanges with Trulock's Win-Brn-Moss style.  
**Winchester Model 59:** no known interchange  
**Winchester Super X2: [Except Practical Mark I and II]** interchanges with Trulock's Browning Invector Plus style.  
**Winchester Super X2 Practical Mark I and II [standard bore]:** interchanges with Trulock's Win-Brn-Moss style.  
**Winchester Supreme [.740 bore diameter]:** interchanges with Trulock's Browning Invector Plus style.  
**Winchester Select [.740 bore diameter] :** interchanges with Trulock's Browning Invector Plus style
